

WORKING SOLUTIONS FOR ALL YOUR NEEDS

Making energy sourcing and logistics work for you

OUR TEAM

Oryx Energies is a group of companies, headquartered in Geneva (Switzerland) and majority-owned by the private investment group AOG. We are present today in 17 countries, through 24 affiliates. Addax Energy SA, the branch of Oryx Energies specialized in trading and bunkering, was created in 1987 and has been responding to the evolving energy needs of the African continent for over 30 years.

Our trading team sources crude oil and refined products on the open market from all over the world, and supplies them to our downstream activities, as well as third parties. Liquid hydrocarbons remain a primary energy source today whether in the form of fuels (such as petroleum, gasoline or jet fuel), Liquefied Petroleum Gas (primarily butane and propane), oils (for making lubricants) or bitumen (for building roads).

Our bunkering team supplies fuels, marine lubricants and other specialised services, offshore and on the high seas across sub-Saharan Africa. We service commercial vessels, fishing fleets and all types of offshore platforms, using high-quality ships and experienced crews that comply with the most stringent international standards. The service leverages Oryx Energies' facilities at strategic locations along the coasts of Africa, ensuring a seamless service from product sourcing to delivery.

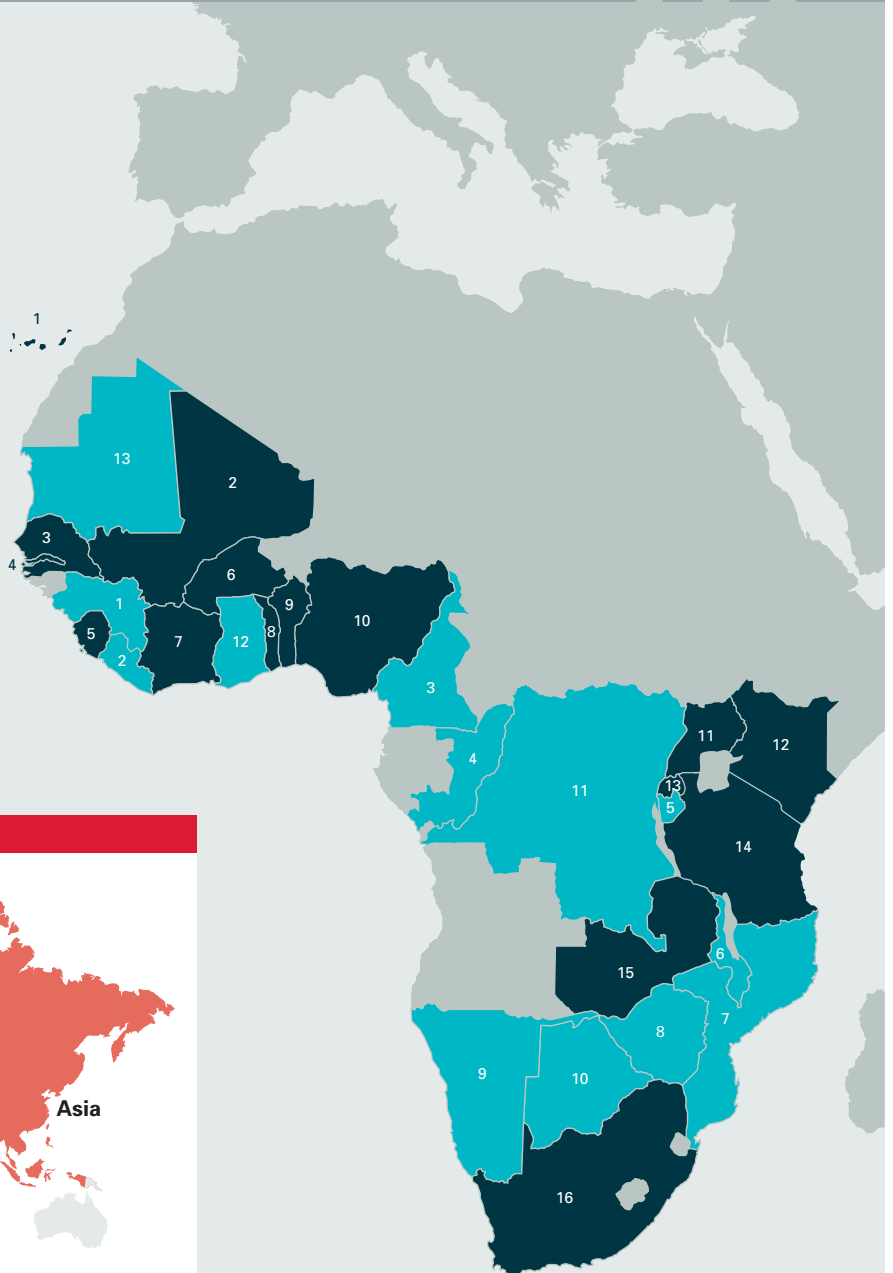

Our Presence

Assets and Commercial Operations

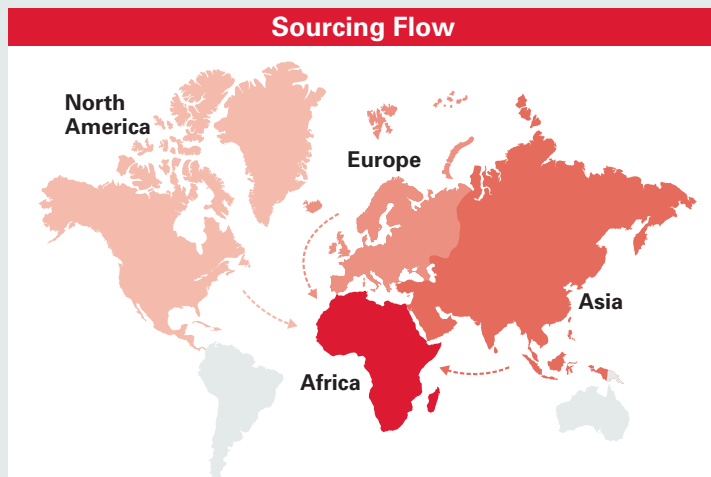

- 1 Spain (Canary Islands)
- 2 Mali
- 3 Senegal
- 4 Gambia
- 5 Sierra Leone
- 6 Burkina Faso
- 7 Ivory Coast
- 8 Togo
- 9 Benin
- 10 Nigeria
- 11 Uganda
- 12 Kenya
- 13 Rwanda
- 14 Tanzania
- 15 Zambia
- 16 South Africa

Commercial Operations

- 1 Guinea
- 2 Liberia
- 3 Cameroon
- 4 Republic of the Congo
- 5 Burundi
- 6 Malawi
- 7 Mozambique
- 8 Zimbabwe
- 9 Namibia
- 10 Botswana
- 11 Democratic Republic of the Congo
- 12 Ghana
- 13 Mauritania

Sourcing Flow

OUR PRODUCTS

Around the world, hydrocarbons are central to power engines and turbines for a host of applications including transportation (road, air and sea) as well as being used for heating, cooking, power generation, construction and many other things.

FUEL

Delivering quality to our customers from supply-only to full on-site services

7 key Terminals with 24 hour service

+220 Service stations

+200 Industrial client installations

+700'000 m³ Storage capacity

LPG

Promoting a safer, versatile and efficient alternative

+26 LPG cylinder storage & filling plants

+100 Industrial client installations

+7 million LPG cylinders

~20'000 m³ LPG Storage capacity

LUBRICANTS

Protecting the lifetime and performance of equipment

Plants in Tanzania and Togo

~50'000 MT Storage capacity

HSSEQ

In the interests of our staff, our clients, our partners and the communities in which we operate, Oryx Energies aims to become a reference in Health, Safety, Security, the Environment and Quality (HSSEQ). To achieve this, the integrated management system for all Oryx Energies operations has been certified in the form of an "integrated" multi-site and multi-activity certificate responding to the criteria of **ISO 9001:2015**, **ISO 14001:2015** and **ISO 45001:2018**.
